Professional Summary :

Detail-oriented and results-driven professional with extensive experience in AI training and data annotation, including significant work as an annotator on Sahara AI. Skilled in content evaluation, quality assurance, and machine learning task support. Proficient in English grammar, mathematics education, and online platform evaluation. Proven ability to follow complex guidelines, maintain high accuracy, and deliver consistent quality in fast-paced, remote digital environments. Seeking full-time remote opportunities to contribute to AI training and annotation projects.

Core Skills

- AI Training & Data Annotation
- Machine Learning Task Support
- Content Evaluation & Quality Assurance
- English Language Proficiency & Grammar
- Web Navigation & Research
- Attention to Detail & Accuracy
- Mathematics Tutoring
- Web3 Community Management
- Remote Work & Time Management

Professional Experience

Sahara AI – Annotator

- Performed detailed annotation and labeling of datasets to support machine learning model training.
- Ensured adherence to project guidelines and maintained high accuracy across diverse data tasks.
- Contributed to improving AI model performance through precise and consistent data input.

UHRS – Annotator / Evaluator

- Completed multiple annotation and evaluation tasks with strict adherence to guidelines.
- Maintained quality and accuracy in data validation projects tailored for AI training purposes.

Personal Tutor

- Developed and delivered customized learning plans in mathematics and English grammar.
- Communicated complex concepts effectively and monitored student progress with detailed feedback.

Discord Moderator (Web3 Projects)

- Managed active Discord communities by enforcing guidelines and maintaining professional communication.
- Evaluated user-generated content for platform compliance and quality assurance.

Education

Bachelor of Engineering in Computer Science

Additional Information

- Reliable high-speed internet and computer proficiency.
- Ability to commit 50+ hours weekly for consistent project completion.
- Willingness to pass skill assessments and qualification tests for specific projects.
- Available for flexible, remote work arrangements
